

JOB DESCRIPTION

Job Title: Senior Inventory Control Operator

FLSA Status: Non-Exempt

Salary Grade: 4

PURPOSE OF POSITION

The Senior Inventory Control Operator will support the day-to-day operation of the material warehouses and storage.

DISTINGUISHING CHARACTERISTICS

This is the senior level of the Inventory Control Operator series. At this level, work may be performed under limited supervision or under limited direction. Incumbent possesses considerable latitude to accomplish tasks, which may include lead worker or supervisor duties.

SUPERVISION EXERCISED AND RECEIVED

- Receives supervision from departmental management/supervisory level roles.
- This position has no formal supervisory responsibilities; may lead the work of lower level staff.

ESSENTIAL DUTIES AND RESPONSIBILITIES

The duties listed below are intended to describe the general nature and level of work being performed and are not to be interpreted as an exhaustive list of responsibilities.

- Perform the functions of material processing following the established inventory control procedures. Maintain an orderly and continuous throughput of goods in and out of the area.
- Promote safety and practices safe work habits while complying with all company policies and procedures.
- Provide timely movement of materials throughout the operation to support each department's needs.
- Perform stock keeping functions for incoming and outgoing goods including receipt verification, stocking of goods, packaging, inventory cycle counting and annual physical inventory, goods location maintenance and picking up orders.
- Perform functions in the materials management system during physical inventory and cycle counts or as otherwise may be required to support the operation of the department.
- Adhere to guidelines, SCRRA's standard operating procedures and all Board of Director's approved Policies and Procedures for inventory control.
- Perform inventory replenishment orders for new and repairable material. Analyze inventory usage and stocking levels to minimize stock out and disruption in supply of material.
- Maintain all paper and electronic files as assigned.
- Load and unload goods from vehicles and assist in securing shipments to vehicles, trailers, etc.
- Operate equipment including pallet jacks, forklifts, bridge cranes, and truck borne lifting equipment.
- Ensure all tools and equipment are in safe and proper operating condition before using them.
- Assist contractors and vendors in researching and identifying parts for customers.
- The responsibilities outlined above are representative of the role but not exhaustive. Additional duties may be assigned as needed, and reasonable accommodations will be provided to qualified individuals with disabilities in accordance with applicable laws.

MINIMUM QUALIFICATIONS

Education and Experience

- High school diploma, GED or its equivalent.
- A minimum of six (6) years of work experience in a warehouse or inventory control.
- Forklift certification, overhead crane certification, Hazmat certification, stand up forklift certification, RWP certification.
- A combination of training, education, and/or experience that provides the required knowledge, skills, and abilities may be considered when determining minimum qualifications. Advanced relevant coursework may also substitute for a portion of the required experience.
- A valid Class "C" California driver's license with a satisfactory driving record of no more than two moving violations and no DUIs within the last three years

Preferred Qualifications

None

Knowledge, Skills, and Abilities

Knowledge of:

- Navigation of and data entry into Windows-based financial and asset management programs and handheld data collection devices
- Inventory control procedures
