**AMENDMENT NO. 1
TO
CONTRACT NO. E741A-15
BETWEEN
SOUTHERN CALIFORNIA REGIONAL RAIL AUTHORITY
AND
PRESCIENCE CORPORATION
FOR
PROJECT MANAGEMENT, CONSTRUCTION MANAGEMENT AND STAFFING
ASSISTANCE SERVICES**

This Amendment, effective May 11, 2018, is entered into by and between the Southern California Regional Rail Authority ("Authority") and **PRESCIENCE CORPORATION** ("Consultant").

R E C I T A L S

WHEREAS:

Authority and Consultant have entered into an Agreement for Project Management, Construction Management and Staffing Assistance Services on January 23, 2015.

The Authority now desires to amend Article 2, Period of Performance, to extend the term through July 14, 2020, without an increase in contract funding.

NOW, THEREFORE, Authority and Consultant agree to amend the Agreement as follows:

- I. Article 2, Period of Performance, is deleted in its entirety and replaced with the following:

2. PERIOD OF PERFORMANCE

The period of performance shall be from July 15, 2015 to July 14, 2020. The specific period of performance for each CTO will be identified in each CTO. The Term shall be extended beyond the current Term solely for the purpose of completing in-process work awarded prior to expiration.

Contract No. E741A-15

Amendment No. 1

INTEROFFICE MEMORANDUM

DATE: June 11, 2018

TO: Arthur T. Leahy, Chief Executive Officer

FROM: Melissa Cousart, Contract & Compliance Administrator

SUBJECT: Prescience Corporation Contract No. E741A-15 - Amendment No.1, Extend Period of Performance to July 14, 2020.

CONTRACT: E741A-15, Project Management, Construction Management and Staffing Assistance Services.

CONTRACT TERM: July 1, 2015 to July 14, 2020

CONTRACT VALUE: Funded for \$10,000,000 NTE.

ACTION: Execute Amendment No 1, Extend Period of Performance to July 14, 2020 without increase in contract funding.

BACKGROUND:

On January 23, 2016, the Authority and Prescience Corporation entered into an Agreement for Project Management, Construction Management and Staffing Assistance Services (the Contract) as authorized by the Board.

On June 11, 2018, this Amendment No. 1, Extend the Period of Performance to July 14, 2020 without increase in contract funding.

REFERENCES FILED HEREUNDER:

1. Board Item, May 11, 2018 Exercise Two-Year Option
2. Amendment No. 1 to Contract E741A-15 (2 copies for signature)
3. Transmittal Letter to Prescience Corporation requesting signature on Amendment No. 1.

TRANSMITTAL DATE: May 4, 2018

MEETING DATE: May 11, 2018

ITEM 6

TO: Board of Directors

FROM: Arthur T. Leahy *ATL*

SUBJECT: Contract No. E741-15 – Project Management, Construction Management and Staff Assistance Services – Exercise Two-Year Option – PreScience Corporation, Parsons Brinckerhoff, Inc., AECOM Technical Services Inc., and RailPros, Inc.

Issue

Continued on-call professional project management, construction management and engineering staff assistance services are needed to support a wide variety of small and large capital and third-party projects for the Authority.

Recommendation

It is recommended that the Board authorize the Chief Executive Officer to:

- 1) Exercise a single two-year option for Contract No. E741-15, Project Management, Construction Management and Staff Assistance Services, to a bench of firms as listed below:
 - E741A-15 – PreScience Corporation (PreScience)
 - E741B-15 – Parsons Brinckerhoff, Inc. (Parsons Brinckerhoff)
 - E741C-15 – AECOM Technical Services, Inc. (AECOM)
 - E741D-15 – RailPros, Inc (RailPros)
- 2) Maintain the not-to-exceed contract funding authorization amount of \$10 million for contracts E741A-15 (PreScience) and E741B-15 (Parsons Brinckerhoff) and increase the not to-exceed contract funding authorization amount to \$15 million for contracts E741C-15 (AECOM) and E741D-15 (RailPros) for the three-year base term and two-year option.

Alternatives

The Board may reject exercising the option and direct staff to solicit new proposals.

Strategic Goal Alignment

This report aligns with the strategic goal to *ensure a safe operating environment* by continuing to provide necessary engineering support services to maintain the Authority's railways, and to maintain and improve the Authority's infrastructure.

Background

On-call project management, construction management and staff assistance services are needed on a wide variety of capital improvements and third-party projects and include:

- contract management;
- project controls;
- construction inspection;
- resident engineering teams;
- scheduling;
- constructability reviews; and
- planning and general staff assistance support services.

Support services are utilized on an as-needed basis and frequently include tasks to also support member agency construction projects. The current on-call project management, construction management and staff assistance support services bench, Contract No. E741-15, was awarded on January 23, 2015, with a period of performance for PreScience and Parsons Brinckerhoff that began on July 15, 2015, and will expire on July 14, 2018, and for AECOM and RailPros that began on October 15, 2015, and will expire on October 14, 2018.

The Engineering and Construction Department anticipates a wide variety of small and large projects during the next two years, including, but not limited to:

- grade crossing safety improvements;
- grade separations;
- mainline track and siding extensions;
- station construction and expansions;
- Los Angeles Union Station reconstruction to accommodate high speed rail;
- Gold Line Phase 2B construction;
- Redlands Passenger Rail Project construction; and
- other third-party projects, which will be completed as required to meet various project schedules.

Both AECOM (E741C-15) and RailPros (E741D-15) currently have contract commitments in excess of \$8 million, approaching the current contract limit of \$10 million. Additional authorization is required to meet projected commitments for future rehabilitation, capital

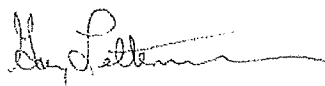

and third party projects throughout the two year extension. Work under all four E741-15 contracts will be authorized through the Contract Task Order (CTO) process on an as-needed basis.

Work assigned to all four of these contracts will continue to be Contact Task Order (CTO) based in order to direct and control services on a per-project basis. Staff is successfully using the CTO process to manage the current on-call professional engineering design services bench contracts. This process enables staff to define the project tasks, monitor and control the associated costs.

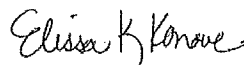

Budget Impact

There is no financial commitment with respect to approving the additional contract authority requested as subsequent work will be authorized only if funding is approved and available through the annual budget or an equivalent process.
